

## Prayer Before Class

Father, we thank you for your grace, love and mercy that has been extended to us one more time. We thank you for protecting us and keeping us in our right minds, especially throughout this pandemic.

Lord, we thank you for granting us this opportunity to come together in this fashion to increase our knowledge. Lord, you said that if anyone lacks wisdom, they should ask you and you will give liberally without reservation. I pray today that you grant us wisdom, knowledge and understanding.

Increase our capacity, Lord, as we learn. Give us understanding, Oh God, that we will be able to grasp whatever is being taught. May what we receive today be beneficial to our growth and development.

Lord, I pray for the one that will be imparting knowledge to us. I pray that you will bless them with the requisite skill and mastery as they seek to open up our understanding in this area.

Proverbs 18:15 tells us that the heart of the prudent gets knowledge, and the ear of the wise seeks knowledge. So, Lord, we look to you now for guidance and instruction.

We ask that you bless this session in every way, bless the participants, and bless the instructor. Take full control, Oh God, and may everything go according to your will and purpose in Jesus' name we pray. Amen!
