

Prayer Before the Exam

Father,

As I prepare to write this exam, I ask that You quiet any anxiety within me. Please place Your peace that passes all understanding in my heart and mind. I know that I have studied to the best of my ability.

All I can do now, is ask that You be with me and bring to remembrance all I have studied. Please give me clarity of mind, that I may read the questions carefully and answer them thoughtfully. In Jesus' name, amen.

Lord,

As this exam approaches, I ask that You would help me lay it down in surrender before You. I know that this exam result does not define me, but You still call me to be diligent. I have studied hard, and now I simply ask for Your peace to fill me as I write this exam.

Help me to not become flustered and forgetful. Please fill my memory with all that I have studied and learned throughout my lessons. Thank You for this opportunity of education. Help me to write this exam to the glory of Your name. In Jesus' name, amen.

Dear God,

As I take this exam, remind me that this is only one moment in time. A moment where You are present with me, and I don't have to be afraid. Please be gracious to me, and grant me comprehension and clarity as I read each question.

Help me to remain focused, and to recall what I have studied. Help me to apply my studies, and to be thorough in my answers. Please keep me calm, and remind me that You are with me. In Jesus' name, amen.
